

Corporate Counseling Associates
People it forward.™

EAP & Work/Life Counseling Services

Our Team: *Available 24 hours a day, seven days a week.*

Nothing is more important to the success of your program than the people who provide the service.

Our Clinical Team members represent some of the most experienced practitioners in the Work/Life arena. Each is a licensed mental health professional—either a certified social worker or PhD psychologist—and has a minimum of five years post-graduate experience. As a group, they are as diverse as the employee populations they help.

Our Account Services Team is available to our clients year-round, 24 hours a day, seven days a week. Each is a seasoned clinician and business partner, an expert in both human behavior and issues affecting the workplace. They are trained to provide counsel on a wide range of topics, including sexual harassment, potential violence, difficult employees, managers or work groups, reorganizations and crises and emergencies.

Our Work/Life Specialists have Bachelor's degrees, Masters degrees and/or professional certifications in various work/life fields including education, early childhood development, social work, counseling, gerontology, wellness and nursing. They have an average of three to six years professional experience in a relevant discipline.

CCA Call Center

CCA's state-of-the-art call center provides immediate service 24 hours a day, seven days a week and is accessible from anywhere in the world.
